Introduction Summary

Mewing Planning Consultants is a specialist town planning practice providing quality project services across Queensland. We have a strong reputation for independence, excellence, innovation and integrity. Our commitment is to producing quality planning outcomes that facilitate sustainable built environments and result in an overall public benefit.

Mewing Planning Consultants provides diverse expertise across all planning components including:

- development;
- expert witness;
- strategic planning; and
- public policy.

We act across a broad range of industry sectors, and in urban, regional and rural settings. Our experience across a diversity of planning components, sectors and settings allows us to provide quality outcomes through well-conceived and robust planning strategy and delivery.

We always provide a responsive, dedicated and personal service for our clients. Our approach is to provide a thorough and balanced position to all projects.

Mewing Planning Consultants partners with government, developers, community organisations and providers, designers, land owners and other stakeholders to assist with the delivery of exceptional places and spaces. We engage with all stakeholders to develop superior planning strategy that positions projects for success, and that helps our clients create something to be proud of that stands the test of time.

What sets Mewing Planning Consultants apart is the level of personal attention our team gives each project from start to finish. We are able to be uniquely strategic, proactive, flexible and responsive to client needs. We pride ourselves on excellent stakeholder relationships fostered by a culture of integrity and engagement. We help our clients creating something to be proud of that stands the test of time.

Panellist Profile

Approved Professional Advisory Panel – Community Housing Futures

Sector Knowledge

The Mewing Planning Consultants team is involved in property development projects across a broad range of industry sectors, settings and services. This diversity of experience allows us to provide quality town planning outcomes through well-conceived and robust planning strategy and delivery, resulting in superior outcomes in all settings, including the community and housing space.

Generating positive community outcomes is of critical importance to our cities, towns and regions, and as such, is a sector of our work that we are passionate about. Mewing Planning Consultants has a strong and active understanding of all components of the housing sector, derived from direct experience working on a range of public and private community projects, with stakeholders including community housing providers, State and local governments, peak bodies and the development industry. We understand the specifics and distinctions of the community and affordable housing sector, as relevant to the conceptualisation, application preparation and management, and operation of housing product.
